The Sacramento County Historical Society Presents  
**Rock and Radio Museum Tour & Talk**  
 With Dennis Newhall and Mick Martin  
**Tuesday, June 23, 2009, 7:00 PM**  
**907 20th St., between I & J streets, Sacramento**

Rock Poster, 1968

Longtime media producer and onetime KZAP disc jockey Dennis Newhall and KXJZ "Blues Party" radio show host Mick Martin will reminisce about rock for SCHS at the newly re-opened Rock and Radio Museum. The museum is on the site of Sacramento's 1980s rock nightclub, the Oasis Ballroom.

Begin 10 years ago as a display of Newhall's collection of rock music memorabilia from the 1950s to the present on the walls of what was then the Nakamoto Productions audio studio, the collection has grown to over 2500 pieces and an informal museum. It is open to the public only during Sacramento's Second Saturday art walks.

When the Nakamoto studio relocated last fall, the museum shut down. However the Tucker Media Group (audio and video production) moved in this spring, and invited Newhall to re-hang the collection. The museum will re-open this month for Second Saturday. But the opportunity for a private viewing with Newhall and Martin is special. Midtown meters in the area are free after 6 PM, and street parking should be fairly available on a Tuesday night. So come join the fun at this final program of the SCHS year. SCHS meetings and newsletters will resume in September.
